Attention: Judi Solot

Dear Judi,

Just a quick note Thanking you for a Great year of advertising! From day one, you have made our experience with The Homesteader an enjoyable one. Between you and Jason, creating amazing ads where a quick change is actually quick and not an issue, I have been 100% confident each month and always happy to see the actual ad in print.

The Homesteader is such a wonderful resource for those moving into the community; the editorial is 'top notch', differentiating you from the other Pub's out there. Marketing our family owned and operated business in your Paper has provided us with a low cost, extremely effective way to introduce ourselves to all new homeowners in the area.

We appreciate the opportunity to advertise in such a wonderful Paper which targets the best market out there - new and existing homeowners. We always look forward to the feedback from interested readers you send us each month. Thanks for taking the time out to send us those valuable leads, it's such a fun envelope to open!

We look forward to working with The Homesteader, yourself & Jason in the future!
